

Langtang Region Heli Tour-1Hr

Trip Overview

Langtang region is the nearest Himalayan region to Kathmandu. It is the easiest way to explore the mountains and glaciers instead of walking. Our flight will start from Kathmandu heading towards the north side of Kathmandu. It offers an aerial view of Langtang Mountain from very near. Our flight will be landing in Kyangjen Gomba for about 45 minutes and we will have plenty of time to take pictures. It offers an opportunity to visit Kyanjin Gomba and explore the villages around, we will get a chance at CheeseFactory. After spending 45 Min, we will be flying back to Kathmandu.
