

Upper Dolpo

Trip Overview

The hidden gem of Upper Dolpo exists in the isolated vicinities of Western Nepal to the north of the Dhaulagiri range. Dolpo had long remained secluded from the outer world till the successful screening of the Oscar-nominated prestigious movie entitled 'Caravan' brought immense response and soon became the best western Nepal Trekking.

Upper Dolpo Trek is still a Restricted Area, trekking that was opened for foreigners only in 1989. Remaining cut off from the outer world made the Upper Dolpo Region immune to the negative impacts of modernism and thus enabled them to retain the decade-old traditions, culture, and way of life alive in their original form. Dolpo is among the few regions where ancient Bon Po religion and Shamanism are still in practice.

Being in the rain shadow of the Dhaulagiri and Annapurna Mountain Ranges, Dolpo Region gets no rainfall even in monsoon due to being in the rain shadow of Dhaulagiri and Annapurna Mountain ranges which make Upper Dolpo Region feasible even in Monsoon.

Our Trekking Expert from 'Khumbu Alpine Travel' has formulated a 28-day adventure package that commences with a flight to Jughal that marks the initiation of trekking to Dunai and undergo through gorges, woods, villages, lakes, and rivers at different levels before turning up once more in Dunai and Jhupal.
